17 DETAILED COST OF MATERIALS, PARTS, AND SUPPLIES

Report:

Delivered cost of individual items listed below. Delivered cost is the amount paid or payable after discounts and including freight and other direct charges incurred by the establishment in acquiring the materials. The figures reported should represent the total purchase cost of supplies, minerals received for preparation, machinery installed, etc., actually used or processed during 2012. Include purchases, interplant transfers, and withdrawals from inventories. If the data are not available from your records, reasonable estimates are acceptable.

Include:

Items listed below whether charged to current or capital accounts.

Cost of items for which less than \$25,000 worth was used in "All other supplies," line 11.

Supplies purchased by this establishment for use by companies performing subcontract work at this establishment.

Exclude:

21301080

Associated labor costs of the kind reported in 7 and 16, line A5.

Payments made for subcontract services performed, including payments for supplies and equipment furnished by the contractor incidental to this work.
