## 22 DETAIL OF SALES, SHIPMENTS, RECEIPTS, OR REVENUE

(Report receipts by source either as a dollar figure or as a whole percent of total receipts (reported in 5). See HOW TO REPORT DOLLAR FIGURES on page 2 and HOW TO REPORT PERCENTS above. Do not combine data for two or more receipts lines.)

**Line 1a** - Report receipts from the development, analysis, design, and programming of software tailored to client specifications. Include website design and development, database design and development, and customization and integration of packaged software. Report website hosting services on **line 2a**, application service provisioning on **line 2b**, business process management services on **line 2c**, and data storage services on **line 2d**.

**Line 1a(1)** - Report receipts from creating the content, appearance, and layout of a customer's Internet, intranet, or extranet website. Include static HTML design as well as the design/programming of templates, which control the display characteristics of information, such as text, graphics, and images stored in databases.

**Line 1a(2)** - Report receipts from designing the structure and content of a database and/or writing the computer code necessary to create and implement a database (data warehouse).

**Line 1a(4) and line 1a(5)** - Report receipts from adapting (including modifying, configuring, etc.) and installing an existing cross-industry or vertical market application so that it is functional within a customer's information system environment. Include custom programming and training. Exclude service contracts where the service is combined with hosting and management of the application on a continual basis.

**Line 1b** - Report receipts from designing, developing, and implementing a customer's networks, such as intranets, extranets, and virtual private networks. Include network security systems design and development. Report network management services on **line 2f(1)**.

**Line 1c** - Report receipts from the assessment of a customer's computer requirements, advisement on hardware and software acquisitions, and providing the client with design specifications.

**Line 1d** - Report receipts from the assessment of a customer's computer requirements, advisement on hardware and software acquisitions, and development of hardware specifications.

**22** DETAIL OF SALES, SHIPMENTS, RECEIPTS, OR REVENUE - Continued

**Line 1e** - Report receipts from analysis of a customer's current computer system and its present and future computing requirements, purchase of new computer equipment, development or modification of software, and packaging of software and hardware to create an integrated system designed for specific applications.

**Line 2b** - Report receipts from providing software applications on a leased, fee, or subscription basis from a centralized, hosted, and managed computing environment.

**Line 2c** - Report receipts from providing a bundled service package that combines information-technology-intensive services with labor (manual or professional), machinery, and facilities to support, host, and manage business processes for a client.

**Line 2d** - Report receipts from managing or administering the storage and back-up of data (i.e., remote back-up services, storage, or hierarchical storage management). Include data migration services.

**Line 2e** - Report receipts from sending audio and video data over the Internet, or providing services associated with the storage, production (including encoding), and support of video and audio streaming over the Internet.

**Line 2f(1)** - Report receipts from managing and monitoring communication networks and connected hardware to diagnose networking problems and gather capacity and usage statistics for the administration and fine-tuning of network traffic. These services also remotely manage security systems or provide security-related services.

**Line 2f(2)** - Report receipts from providing day-to-day management and operation of a customer's computer system.

**Line 2g(1)** - Report receipts from providing customer support in using or troubleshooting the software. Include patches and upgrades.

**Line 2g(2)** - Report receipts from providing customer support in using or troubleshooting the computer hardware. Include routine testing and cleaning of IT equipment. Include technical assistance in moving a client's computer system to a new location.

**Line 2g(5)** - Report receipts from providing standby computer equipment and duplicate software in a separate location to enable a customer to relocate regular staff in order to resume and maintain routine computerized operations in event of a disaster, such as a fire or flood.

**Line 2h** - Report receipts from providing advice or expert opinion on technical matters related to the use of information technology. Include advice on matters such as hardware and software requirements and procurement, systems integration, and systems security. Exclude advice on issues related to business strategy, and service contracts where advice is bundled with the design and development of an IT solution.

**Line 2i** - Report receipts from publishing low-level software required to manage computer resources and support the production or execution of application programs, but is not specific to any particular application.

**Line 2m** - Report receipts from publishing a software program that performs a specific function directly for the end user.

**Line 2n** - Report receipts from granting permission to reproduce and distribute computer software, protected by copyright owned or controlled by this establishment. Include the right to reproduce and distribute for an agreed period of time, manner, and place, such as in another format, medium, language, or territory. Exclude outright sale of rights in perpetuity.

**Line 3c** - Report receipts from providing training in the use of computer hardware, software, networks, or other IT-related topics.
